

Our Voice Social Media Release  
June 10 2018

Our Voice USA would like to remind our supporters that we are nonpartisan organization in which we advocate and encourage all citizens to be a part of community and national civics, regardless of group, organization, union and political affiliations.

Our Voice is Your Voice! Our mission is to build tools any one can access, regardless of income level, affiliations, gender, culture and age. We do NOT promote or endorse any political party, organization nor candidate.

In light of Samuel Ronan's arrest, Our Voice USA has no comment at this time...except to say we are glad he is presently safe. Mr. Ronan founded Our Voice Initiative and has since relinquished ownership and involvement. He passed his torch to the leaders of the organization.

Should a comment come forth on this matter, or any future matters, official statements will come from the leaders and will be found on Our Voice USA verified Facebook and Twitter accounts. @OurVoiceUSA in both regards.

To know who they are, they can be found here:
