For Immediate Release:

Portland Maine, December 20, 2019--We are pleased to announce the release of HelloVoter Version 2.0! We are introducing our new OrgID service that allows you to use the HelloVoter system with cloud storage of your collected data without having to setup or manage it via a 3rd party intermediary. Just download the mobile app and start building your team and your data!

Our Voice USA recognized the need to provide resources that are easily accessible for everyone to get involved in their communities. Collect the information you need from your community and feel confident that “decentralized data” gives you all the power along with the security you need and control you deserve.

Features

- Super easy Login with Facebook or Google
- Collect door-to-door info without cost
- Conduct specific surveys tailored by you
- Enter data directly from smartphones & tablets
- Add notes on-the-go for follow ups and leads
- Canvas without a cellular connection, sync later over wifi
- Decentralized Data keeps you in control.

New Features in 2.0

- OrgID service option for those who can't set up their own system
- Invite others to your team via a unique QR-Code
- 'List View' tab for viewing addresses, people, and history
- Keep track of data by person, rather than by address
- Specify criteria to target specific kinds of people based on the data you collect

HelloVoter is available on both iOS App Store and Google Play and is 100% free! No ads, no In-App purchases, just civic engagement at your fingertips. <https://ourvoiceusa.org/hellovoter/>

Our Voice USA is a 501(c)(3) charity. Give today by becoming a patron at <https://www.patreon.com/hellovoter>

This app is open source. Find the source code on GitHub: <https://github.com/OurVoiceUSA/>

***We make Canvassing Accessible to Everyone.
You collect the data that shapes your world.***
